# 1.ORGANIZATION DETAILS

## 1.1 Organisation Profile

Name:	Amar Saath Foundation
Registration Number:	382/IV/2023
Type:	Non-Governmental Organization (NGO)
Contact Details of Organization:	Amar Saath Foundation, AKG Road (Near Shopper's Shop) Edapally North P.O Kochi, Kerala – 682024
Phone:	+91 9633792337
Email:	<a href="mailto:amarsaathngo@gmail.com">amarsaathngo@gmail.com</a>
Date and Year of Registration:	10-10-2023
Darpan ID:	KL/2023/0371139
Legal Status:	Registered Charitable Trust

## 1.2 Who We Are & How We Operate

Amar Saath Foundation is a registered charitable trust (Reg. No: 382/IV/2023), founded by a group of healthcare professionals, retired professionals, social workers, and homemakers, committed to empower migrant and marginalized communities across India.

Rooted in Kochi, Kerala, we extend our impact through community-driven programs focused on education support, livelihood enhancement, healthcare access, and environmental sustainability. We work in close partnership with local stakeholders, and NGOs to identify community needs and deliver practical need-based interventions. We emphasize collaboration, accountability, and measurable outcomes to ensure our interventions bring sustainable and meaningful change.

### 1.3 VISION

To create an inclusive society where migrant and marginalized communities live with dignity, security, and equal opportunities, regardless of religion, language, or gender

### MISSION

We are committed to serving underserved communities by enabling access to food, clothing, education, healthcare, and sustainable livelihood opportunities. The Foundation actively promotes responsible reduction, reuse, and environmentally sustainable practices to advance both social well-being and environmental stewardship

## 1.4 Main Objectives of the Organisation

- **Promote Health and Well-being:** Enhance preventive healthcare, hygiene awareness, substance abuse awareness, and access to medical services for migrant communities.
- **Support Children's Development:** Provide education, emotional care, and safe environments for vulnerable children.
- **Empower Youth and Women:** Offer vocational training, skill development, and livelihood opportunities for socioeconomically disadvantaged youth and women.
- **Promote Environmental Sustainability:** Encourage reuse and upcycling, raise environmental awareness, and reduce waste.

## 1.5 Compliance Registration with Govt. Agencies

- Registered Charitable Trust under The Indian Trusts Act, 1882 (Registration No. 382/IV/2023)
- Order under Section 12AA of the Income Tax Act, 1961.
- Order Under Section 80G (5)(vi) of the Income Tax Act. 1961.
- CSR Form 1 Registration (No:CSR00066055 - Registration for undertaking CSR activities)
- Darpan Portal Registration (ID No. KL/2023/0371139)

## 1.6 Board of Trustees

### **Dr. Sudhakar Muthyala, Former Scientist (Founder & President)**

Dr. Sudhakar Muthyala, trained as a scientist and teacher, is currently serving as a philanthropist. He was raised in a farming family in Andhra Pradesh, India. Through his hard work and the support of well-wishers, he completed a Ph.D. in biomedical science and later served as research faculty at the Georgia Institute of Technology, USA. During his journey from village to city, he witnessed life from different angles, experiencing both the struggles of village life and the comfort of city life. Moved by these experiences, he began working among migrants and marginalized people, and in 2016, he left his academic career to dedicate himself fully to social work

### **Dr. Manitha B Nair, Scientist (Founder & Treasurer)**

Dr. Manitha Nair is a scientist in regenerative medicine with over a decade of experience, having worked in both the USA and India. She believes that the purpose of her life is to serve others, and is actively engaged in addressing issues related to vulnerable children. She plays a significant role in nurturing new ideas and operationalizing Amar Saath. Dr. Nair is also the co-founder of Butterfly Cancer Care Foundation, an organization that stands for cancer affected children. She is the recipient of prestigious awards, including the Innovative Young Biotechnology Award and the Young Scientist Award.

### **Dan Paul Thomas, Entrepreneur (Co-Founder & Secretary)**

Mr. Dan Paul Thomas is an entrepreneur who has dedicated his life to empowering young people and families from vulnerable backgrounds. As Director of Blossom Inners, he spearheads a transformative mission that impacts over 800 individuals and families.

**Dr. Steive George, Sr. Consultant (Board Member)**

Dr. Steive George, after completing his MBBS in Kerala, pursued a Diploma in Family Medicine and an MS in ENT from Christian Medical College, India. He also completed a palliative care course from Cardiff University, Wales. He has worked in mission hospitals in different parts of India for 10 years and can truly feel the pulse of the poor and marginalized in society. He is currently working as a family physician in Kochi.

**Dr. Nisha Thomji, Professor (Board Member)**

Dr. Nisha Thomji, Head of the Department of English at St. Albert's College (Autonomous), Ernakulam, has over 23 years of teaching experience. She inspires students to think critically and creatively, while also actively engaging with marginalized communities. She blends academic excellence with compassion and leadership, shaping minds both inside and beyond the classroom

**Nalini Gopalakrishnan, Retd. Officer (Member)**

Mrs. Nalini, a retired officer, is interested in promoting education among underprivileged children. She has volunteered with many organizations that work among children in slums and tribal areas. At Amar Saath, she is active in the Amar Jyothi program

**Sneha Susan Verghese, Home Maker (Member)**

Sneha Varghese is a qualified dietician, but her passion lies in community service. She actively engages with youth and brings comfort to the elderly through her choir music. At Amar Saath, she supports cloth collection initiatives under the Amar Daan programme.

## 2. CORE INITIATIVES

### 2.1 Amar Ayush (Health Care)

Many interstate migrant workers experience health challenges such as dermatological infections, musculoskeletal disorders, depression, and occupational injuries due to long working hours, low wages, and insecure working conditions. Although Kerala has well-developed healthcare facilities, migrants often face barriers including language gaps, time constraints, financial limitations, and limited awareness of available services.

Amar Ayush aims to promote preventive health, hygiene practices, and substance abuse awareness among migrant communities, in alignment with UN SDG 3 (Good Health and Well-being).

#### Our Strategies

##### 2.1.1 Medical Camps

Amar Saath Foundation regularly conducts medical camps targeting migrant and marginalized communities to bridge gaps in primary healthcare access. Beneficiaries receive health check-ups, general consultations, basic diagnostic support, referrals for specialized care when required, and distribution of essential medicines. These camps ensure timely and community-centered healthcare delivery.

##### 2.1.2 Awareness Sessions and Counselling

Each medical camp includes structured awareness sessions and individual counselling. Key focus areas include anti-drug and substance abuse awareness, menstrual hygiene education, and general health and hygiene practices. These interventions aim to improve health literacy, encourage early help-seeking behavior, and promote safer community practices.

**AMAR AYUSH**  
Health Care  
Program (SD Goal 3)

## 2.2 Amar Jyothi (Child Care & Education)

UNESCO's Global Education Monitoring Report highlights that, children from slum, tribal, child-care centres, and migrant communities are highly vulnerable to educational exclusion due to poverty, poor learning environments, and lack of remedial support. Many also lack stable, nurturing environments that support their emotional and developmental needs, emphasizing the urgent need for holistic interventions.

Amar Jyothi addresses these challenges by promoting the overall development of children from vulnerable background, supporting their learning, emotional well-being, and safe family environments. This initiative aligns with UN SDG 4: Quality Education and SDG 3: Good Health and Well-Being.

### Our Strategies

#### 2.2.1 Bridge Classes

The Bridge Class programme supports migrant and marginalized children who experience learning gaps due to language barriers, irregular schooling, or frequent migration. The initiative strengthens foundational skills in English, Malayalam, Hindi, and Mathematics through activity-based learning, continuous assessment, and individual attention. It enables children to integrate into mainstream schooling while improving academic performance, communication, discipline, and confidence.

#### 2.2.2 Educational Provisional Support

To ensure equal access to schooling, the Foundation distributes essential educational materials, including uniforms, textbooks, notebooks, school bags, and stationery, sourced from donors and partner institutions. This support enhances school readiness, reduces absenteeism, and enables children to attend school with dignity.

**AMAR JYOTHI**  
Educational Program  
(SD Goal 4)

## 2.3 Amar Yuva (Youth Skill Development)

Most young people from migrant and socio-economically disadvantaged families lack specialized skills due to limited education and minimal access to formal training. As a result, many remain trapped in low-paid, insecure jobs with little opportunity to progress.

Amar Yuva aims to equip youth from migrant and socioeconomically disadvantaged families with vocational training, skill development, and entrepreneurial support, equipping them with practical competencies and dignified, sustainable livelihoods. This initiative aligns with UN SDG 4 (Quality Education) and SDG 8 (Decent Work and Economic Growth).

**AMAR YUVA**  
Empowerment Program  
(SD Goal 8)

### 2.3.1 Vocational Training

The Vocational Training aims to empower youth and women from migrant and marginalized communities by providing practical, income-generating skills, which includes snack making, electrical work, plumbing, painting, mushroom cultivation etc. The programme enhances employability, and supports participants in sustainable income opportunities.

### 2.3.2 Entrepreneur Support

The Foundation provides entrepreneur support to individuals, particularly women, youth, and members of migrant and marginalized communities, who seek to initiate or strengthen small livelihood enterprises. Through guidance and financial support, the programme promotes small-scale entrepreneurship, enabling beneficiaries to achieve economic independence.

## 2.4 EcoSparsh (Women Empowerment & Green Initiatives)

India produces an estimated 7.8 million tonnes of textile waste annually, making it one of the world's largest contributors. A significant portion ends up in landfills, highlighting the urgent need for sustainable environmental solutions.

**ECOSPARSH**  
Environment Protection  
(SD Goal 12)

Eco Sparsh tackles this challenge by promoting the reuse and upcycling of materials, primarily textiles, while also raising awareness among students about sustainable practices. This initiative aligns with UN SDG 12: Responsible Consumption and Production and SDG 13: Climate Action.

### 2.4.1 Amar Daan (Cloth Donation)

Amar Daan is the Foundation's flagship material support initiative aimed at reducing clothing insecurity among vulnerable populations. The programme systematically collects gently used clothing from residential communities, educational institutions, and other donors. All received materials undergo careful segregation, quality assessment, and hygienic packing to ensure dignity and usability for beneficiaries. The sorted items are distributed to low-income families, migrant communities, tribal villages, orphanages, and old-age homes across India. Through this initiative, Amar Saath Foundation reduces clothing deprivation and promotes a culture of responsible giving and reuse.

### 2.4.2 Thrifting Initiatives

Thrifting Initiatives is the Foundation's social enterprise platform that curates and sells premium donated items in good usable condition. Proceeds generated through sales are reinvested into Amar Saath Foundation's social programmes.

The store also serves as a community awareness platform promoting responsible consumption, reuse, and circular economy practices. By extending the lifecycle of usable goods, the initiative simultaneously supports environmental sustainability and programme self-reliance.

### 3. ACTIVITY REPORT (2024-2025)

## 3.1 AMAR AYUSH

(Health Care)

In the year 2023-2024, a total of 6 medical camps were conducted under the umbrella of Amar Ayush at Aluva, Peringala, Kalamassery, Chembarakky, Aroor, and Ramamangalam for the migrant workers who are residing in the district of Ernakulam in the State of Kerala. The medical camp consisted of three phases, which included treatment, awareness, and medicine distribution.

The majority of the workers were from the states of Orissa, Jharkhand, Uttar Pradesh, West Bengal, Bihar, Assam, and Nepal. Overall, 408 people including men, women, and children benefitted from the camp. A team of doctors along with Amar Saath team volunteers were the ones to facilitate the camp in the field.

## 3.1.2 Medical Camp Details

### 3.1.2.1 Aluva Medical Camp

Date: 14 October 2023  
Location: DOLUS Seminary Hall, Aluva.  
Total Beneficiaries: 65 (Male: 30 | Female: 25 | Children: 10)

In the Aluva Medical camp, 65 individuals, including men, women, and children, received assistance. Doctors proficient in Hindi across various specialties, along with a pharmacist and nursing staff, volunteered for this initiative. Free medications were also distributed to these patients. Subsequent monitoring of one migrant woman who attended the camp led to the diagnosis of cancer. She received further treatment through the Amar Saath community.

Figure 2: Medical Camp at Aluva (65 migrants were benefitted)

### 3.1.2.2 Peringala Medical Camp

Date: 28 October 2023

Location: Yaman Mandhi Hotel Building, Peringala

Total Beneficiaries: 29 (Male: 16 | Female: 13)

Peringala Medical Camp was conducted on 28 October 2023 in the district of Ernakulam. In that area, migrants were located in 3 housing colonies. Most of them were working in match stick companies. Amar Saath volunteers went to their houses and did the medical camp. A total of 29 migrant workers were reported, mainly from Orissa, out of which 16 were males and 13 were females. Free medicines were also provided to them

Figure 3: Medical Camp at Peringala Region (29 migrants were benefitted)

### 3.1.2.3 Kalamasserry Medical Camp

Date: 18 November 2023  
Location: Kalamasserry Development Industrial Estate, Kalamasserry.  
Total Beneficiaries: 77 (Male: 62 | Female: 13 | Children 2)

Amar Saath Foundation organized a medical camp in association with Kalamasserry Development Industrial Estate for the migrants in the Kalamasserry area of Kochi on November 18th, 2023. A total of 77 migrants, both male and female were the beneficiaries (Male – 62; Female -13 and Child -2). Most of them were working in the paint, furniture, bread, and IT companies. Free medicines were distributed to all participants. Three Hindi-speaking doctors have volunteered for this cause. We have also given awareness to migrant workers about the dangers of alcohol/drug use and addiction, in which the sessions were conducted using simple videos, mainly in Hindi. In addition, awareness sessions on health and hygiene were also done.

Figure 4: Medical Camp at Kalamasserry Region (77 migrants were benefitted)

### 3.1.2.4 Chembarakky Medical Camp

Date: 21 January 2024  
Location: Chembarakky.  
Total Beneficiaries: 93 (Male: 66 | Female: 15 | Children 12)

On 21st January 2024, the Amar Saath Foundation organized a medical camp for migrants in the Chembarakky region. This medical camp had 2 Hindi-speaking doctors and 10 volunteers. 93 migrants attended the camp and every migrant received free medicines. Relatively, the population of women and kids was higher in this area.

In addition to medical assistance, we conducted sessions to raise awareness about alcohol/drug addiction. Around 50% of the people in that area were using gutkha, tobacco, and pan masala. The serious health risks, especially oral cancer, related to the use of tobacco were discussed. Moreover, awareness towards vaccination for children was given. In the future, educational campaigns aimed at drug/alcohol awareness along with health and hygiene have to be enhanced in that area.

Figure 5: Medical Camp at Chembarakky (93 migrants were benefitted)

### 3.1.2.5 Aroor Medical Camp

Date: 25 February 2024

Location: Sreekumara Vilasam Hall, Kshethra Devawom, Aroor.

Total Beneficiaries: 68 (Male: 39 | Female: 27 | Children 2)

Aroor medical camp was conducted on 25th February 2024. in which a total of 68 migrant workers, both male and female were the beneficiaries (Male - 39 and Female - 26). 3 children were also benefitted from this camp. This medical camp had 3 Hindi-speaking doctors and 20 volunteers. The services of medical camps include basic screening for any sort of medical issues, awareness generation on the prevention of alcohol/drug usage in their language, and free drug distribution.

Figure 6: Medical Camp at Aroor (68 migrants were benefitted)

### 3.1.2.6 Ramamangalam Medical Camp

Date: 23 March 2024  
Location: ICM Church Hall, Ramamangalam.  
Total Beneficiaries: 76 (Male: 76)

Ramamangalam medical camp was conducted on the 23<sup>rd</sup> of March 2024 evening. A total of 76 migrants had visited our camp. All of them were males with ages ranging between 19 and 61 years. The clinic provided primary care and was run by 3 Hindi-speaking doctors, 5 social workers, and 5 MBBS students.

The camp followed a general procedure of identifying the patient and obtaining general information (age, state of origin, gender), performing diagnosis, and providing treatment according to the available resources. In this camp, the diagnosis was recorded based on the history and physical examination of each patient.

Figure 7: Medical Camp at Ramamangalam (76 migrants were benefitted)

## 3.2 AMAR JYOTHI

### Child Care & Education

Amar Saath Foundation has extended its educational support to a total of 18 children between October 2023 and March 2024. Among them, 8 hail from the rural region of Khandamal, Orissa, while 12 reside in Kolkata, West Bengal. These children, ranging from class 1 to 10, have been provided with essential resources such as clothing, books, and other necessary items, facilitating their access to education. This comprehensive support not only enhances their immediate educational experience but also holds the promise of breaking the cycle of poverty they might otherwise be trapped in.

### 3.2.1 Total Outreach:

#### • State Wise:

Sl. No.	State	Number of Children
1	West Bengal	10
2	Orissa	8
	<b>Total</b>	<b>18</b>

Table 4: Total outreach of Amar Jyothi (State wise representation)

#### • Gender Wise:

Sl. No.	Gender	Number of Children
1	Boy	6
2	Girl	12
	<b>Total</b>	<b>18</b>

Table 5: Total outreach of Amar Jyothi (Gender representation)

### 3.2.2 Bridge Class

Bridge Classes were conducted to support migrant and marginalized children facing learning gaps due to language barriers, irregular schooling, or limited academic support at home.

#### Key Centres:

- Kandhamal, Odisha: 8 destitute children received comprehensive academic support.
- West Bengal (Kolkata): 10 children received educational assistance and learning materials.

Figure 8: Bridge Classes Kolkata, West Bengal

Figure 9: Bridge Classes Khandamal, Orissa

## 3.3 AMAR YUVA (Youth Skill Development)

In this year, we have given skill development training to 9 people through Vocational Training and Entrepreneurial Support.

### 3.3.1 Skill Training Programme

#### 3.3.1.1 Snacks Making

Bombay samosa is a tasty and traditional snack enjoyed by people in North India. As part of the Amar Yuva Skill Development Programme, we provided training in samosa and pav bhaji making to 6 Hindi-speaking migrant youngsters.

Figure 10: Snacks making training for migrant youngster

#### 3.3.1.2 Ironing Training

Mr. Raj, a guest worker, has expressed a keen interest in getting trained in ironing. Through the Amar Yuva program, we provided him with the necessary training. As a next step, he is planning to start his ironing shop.

Figure 11: Mushroom Cultivation Training (19 youth benefited from this)

## 3.3.2 Entrepreneurial Support

### 3.3.2.1 Story of Mary

Mary is a 60-year-old widow from Koothagoodem town, Telangana who used to run a tiffin center but with much difficulty. But then last year, the Amar Saath Community donated a movable petty cart, gas, and Idli-making vessels to make the business profitable. Now, she can manage her business conveniently and happily.

Figure 12: Entrepreneurial support to Mary

### 3.3.1.2 Story of Raju & Priya

Raju and Priya live with their two children in Khammam. Even though Raju was involved in community development activities but often faced financial struggles. Last year, Raju approached Amar Saath to buy an autorickshaw, and a partial financial support was provided for it by the Amar Saath Foundation. Amar Saath also helped Priya, Raju's wife to set up a small fancy store.

Figure 13: Entrepreneurial support to Raju and Priya

## 3.4 ECOSPARSH (Women Empowerment & Green Initiatives)

### 3.4.1 Amar Daan - Cloth Donation

Amar Daan aims to run a Thrift store that donates gently used items, such as clothing, furniture, food, shelter, electronics, books, and household goods at free of cost to individuals facing economic challenges, including the orphan children, slum dwellers, migrants, and the homeless. Volunteers organize collection drives and set up drop-off centers in residential areas, schools and offices among various locations. These items are then distributed to needy people, after proper sorting. The idea behind our thrift store is simple yet profound to create a space where donations and second-hand items are transformed into sources of hope, opportunity, and support.

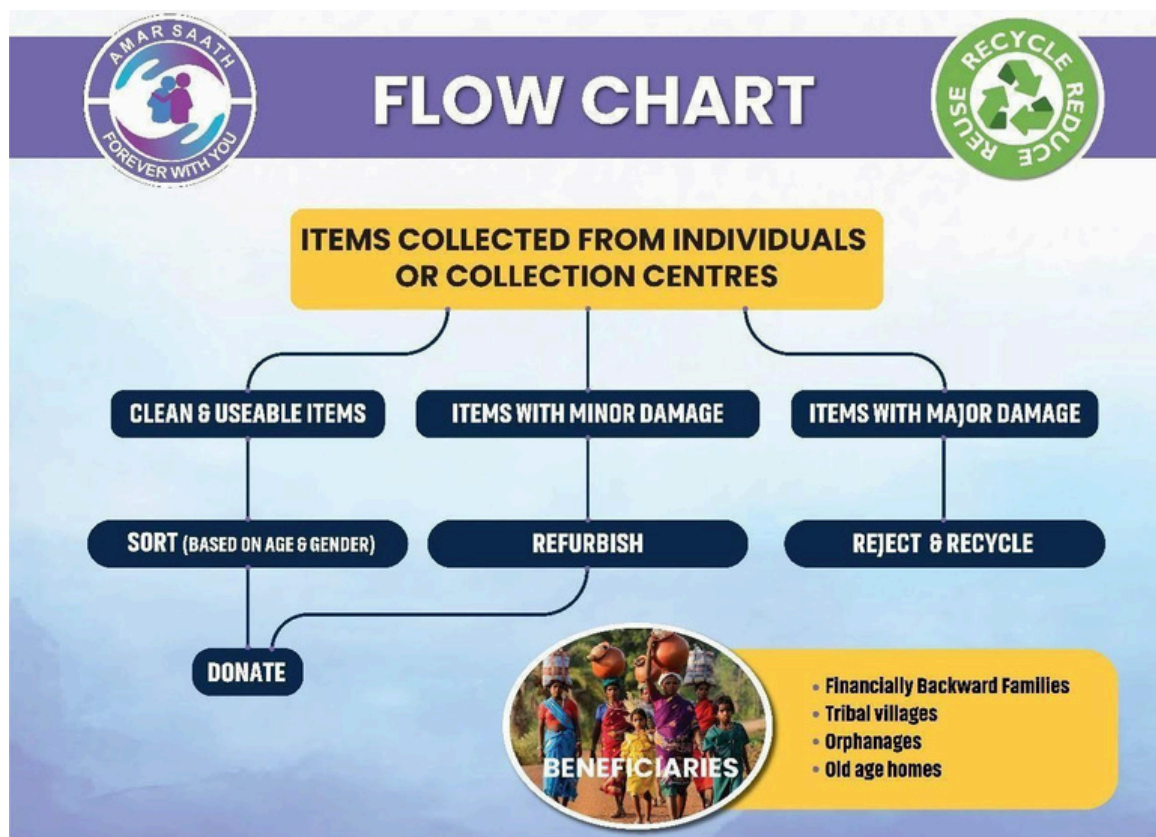

Figure 14: The flow chart showing the operation procedures of Amar Daan

Figure 15: Amar Daan Cloth Collection Centre established at Edapally Toll, Kochi

Figure 16: Donations (clothes) received at Amar Daan Collection Center (selected images)

## 3.5 OTHER ACTIVITIES

### 3.5.1 Christmas Celebration among Migrants

Christmas brings joy and happiness, but being away from home can be poignant, especially when our dear ones are not with us. Here, volunteers from the Amar Saath Foundation shared the spirit of Christmas with migrant laborers in Kochi, creating a touching and meaningful experience for everyone involved.

Figure 17: Christmas Celebration with migrants

### 3.5.2 NSS Team Volunteering at Thrift Store

Students from the Kerala University of Fisheries and Ocean Studies (KUFOS), Kochi who are actively engaged in the National Service Scheme (NSS) demonstrated their commitment to community service by volunteering at Amar Daan Thrift Store. Under the guidance of Dr. Jenny John (Professor and Programme officer, NSS), the students were actively participated in sorting donated items. Through their efforts, we were able to process a larger volume of donated items efficiently, ultimately reaching a greater number of beneficiaries in need of assistance. This engagement not only provided practical support to our thrift store operations, but also fostered a sense of social responsibility among the students. By actively engaging in volunteer activities, they gained firsthand experience in serving their community and making a tangible difference in the lives of others

Figure 18: Students from National Service Scheme (KUFOS, Kochi) volunteering at Amar Daan Cloth Collection Center

## 4. FUTURE PLANS

### 4.1 Health Care (Amar Ayush)

- Medical camps will be expanded across multiple locations in Kerala, with a target of one per month, to reach underserved communities. Each camp will provide medical consultations, health education, and free medicine distribution.
- Systematic screening for non-communicable diseases (NCDs) like hypertension will be strengthened, with all camp beneficiaries undergoing basic NCD screening wherever feasible.
- A structured follow-up mechanism will be implemented for individuals identified with chronic conditions to support treatment adherence.
- At least 3 awareness programmes per year on substance use prevention will be conducted in collaboration with the Excise Department.

### 4.2 Child Care and Education (Amar Jyothi)

- More Bridge class will be established in Ernakulam as well as outside Kerala to improve access to education.
- Back-to-school support will be strengthened for academically vulnerable children.
- Structured extracurricular activities for migrant children will be conducted to promote the holistic development of children.
- Need-based financial assistance will be provided to highly deserving children to support continuity in education.
- Essential educational and provisional support (including study materials and basic learning supplies) will be provided to children from marginalized and migrant families.

### 4.3 Youth Skill Development (Amar Yuva)

- The Amar Yuva programme will be expanded to benefit at least 50 youth from marginalized and migrant communities through structured skill development initiatives.
- Vocational training programmes will be conducted to enhance employability and livelihood opportunities.
- Selected participants will receive mentorship and guidance to support small entrepreneurial or livelihood initiatives.

#### 4.4 EcoSparsh (Women Empowerment and Green Initiatives)

- Under the EcoSparsh initiative, cloth collection drives will be expanded in residential communities, educational institutions, and other public spaces to encourage responsible reuse of clothing.
- Damaged or non-reusable clothes will be utilized through upcycling initiatives, converting them into useful products such as bags and other reusable materials.
- Awareness programmes promoting sustainable consumption, waste reduction, and responsible reuse will be conducted among students and community members

### 5. CSR PARTNERSHIPS

Corporate Social Responsibility (CSR) partnerships have played an important role in strengthening the outreach and impact of our programmes. During the period 2023–2024, our activities were strengthened through CSR support from partners such as Blossom. Their support contributed to the implementation of community initiatives benefiting marginalized populations.

### 6. OUR SUPPORTERS

Amar Saath Foundation continues to strengthen its community initiatives with the generous support of various partners. BLOSSOM provides consistent monthly donations that play a vital role in sustaining all major programmes of the Foundation. Additionally, our collaboration with Kerala University of Fisheries and Ocean Studies (KUFOS) has enabled meaningful volunteer engagement, contributing significantly to the successful implementation of Amar Saath's activities.

#### Financial Support

**BLOSSOM**

#### Volunteer Support

## 7. CONCLUSION

During the reporting period, the organization continued its commitment to supporting marginalized communities through healthcare, education, skill development, and sustainability initiatives. A total of **6 medical camps** were conducted, **benefiting 408** individuals through medical consultation, health awareness, and free medicine distribution. Educational support initiatives reached **18 children**, while the Amar Yuva skill development programme provided training opportunities to **9 youths** to enhance their livelihood prospects. Through the EcoSparsh cloth collection and redistribution initiative, collection of clothing items were started, to support vulnerable communities including migrants and tribal populations. These initiatives were made possible through the dedicated efforts of volunteers, community partners, and CSR collaborations. The organization remains committed to expanding its outreach and continuing impactful interventions for underserved communities in the coming years.
